### Part III DETAILED ACTION

#### *Drawings*

1. This application has been filed with informal drawings which are acceptable for examination purposes only. Formal drawings will be required when the application is allowed.

#### *Specification*

2. The amendment filed 05/10/02 is objected to under 35 U.S.C. 132 because it introduces new matter into the disclosure. 35 U.S.C. 132 states that no amendment shall introduce new matter into the disclosure of the invention. The added material which is not supported by the original disclosure is as follows: Applicant has amended the specification at several points without providing any reason why they do not consist of new matter. Specifically, applicant has added the term "consumer" and the phrases "customer delivery station" and "such as" at several points.

Applicant is required to cancel the new matter in the reply to this Office Action.

#### *Claim Rejections - 35 USC § 112*

3. The following is a quotation of the first paragraph of 35 U.S.C. 112:

The specification shall contain a written description of the invention, and of the manner and process of making and using it, in such full, clear, concise, and exact terms as to enable any person skilled in the art to which it pertains, or with which it is most nearly connected, to make and use the same and shall set forth the best mode contemplated by the inventor of carrying out his invention.

4. Claims 1, 4-8, 16 and 18-19 are rejected under 35 U.S.C. 112, first paragraph, as containing subject matter which was not described in the specification in such a way as to reasonably convey to one skilled in the relevant art that the inventor(s), at the time the application was filed, had possession of the claimed invention. While applicant has inserted the terms or phrases into the specification, their use in the claims is still considered to be new matter.
5. Applicant states that a customer is clearly a consumer. Without more elucidation on the scope of these terms, the statement is not found persuasive.
6. Applicant has amended the claims to recite "customer delivery station" (rather than "device") and this is new matter.

***Claim Rejections - 35 USC § 103***

7. The following is a quotation of 35 U.S.C. 103(a) which forms the basis for all obviousness rejections set forth in this Office action:

(a) A patent may not be obtained though the invention is not identically disclosed or described as set forth in section 102 of this title, if the differences between the subject matter sought to be patented and the prior art are such that the subject matter as a whole would have been obvious at the time the invention was made to a person having ordinary skill in the art to which said subject matter pertains. Patentability shall not be negated by the manner in which the invention was made.

8. Claims 1, 4-8, 16 and 18-19 are rejected under 35 U.S.C. § 103 as being unpatentable over Litwak (Supermarket Business) or Muskai (PC Magazine) in view Stear (Handbook of Breadmaking Technology) and in further view of Stern et al. (U.S. Pat. No. 5,054,059) for the reasons set forth in the last Office Action.

Art Unit: 1761

9. Applicant broadly argues that the prior art does not suggest the claimed process. It is respectfully considered that the rejection is proper and therefore it is maintained.

*Response to Arguments*

10. Applicant's arguments filed 06/10/02 have been fully considered but they are not persuasive. See comments made above.

*Conclusion*

11. No claim is allowed.

12. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event,
